GOFREE® FLEX PRO – IDENTIFYING NEW VERSIONS

There are several methods to visually recognize a new version of the GoFree Flex Pro vacuum, battery or charger immediately. **DO NOT USE OR RECHARGE OLD BATTERY. DO NOT USE OLD CHARGER WITH NEW OR OLD BATTERIES.** To replace old batteries and chargers, please contact ProTeam Customer Service.

NEW VACUUM VERSION:

- New vacuum serial numbers will begin with “17” – to indicate manufacture in 2017
- New battery that comes with a new vacuum purchase will have a purple locking knob
- New icon on the vertical product label to indicate the new higher-productivity motor included

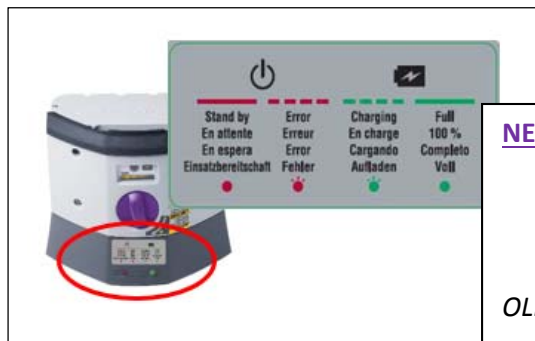

NEW BATTERY VERSION (SKU 107513):

- Purple locking knob
- Serial number format includes letters “BZ”

OLD BATTERY VERSION:

- Gray locking knob
- Serial number format includes letters “UF”

NEW CHARGER VERSION (SKU 107516):

- Light gray label with 4 columns
- Serial number format includes letters “BZ”
- No replaceable fuse on left side

OLD CHARGER VERSION:

- Black label with 2 columns
- Serial number format includes letters “UF”
- Replaceable fuse on left side
