GOFREE® FLEX PRO REPLACEMENT BATTERY AND CHARGER UPDATE

We are pleased to announce that shipping of our new GoFree Flex Pro vacuums, batteries and chargers has begun. **This includes shipments of replacement batteries and chargers as well as new vacuum orders placed.**

ProTeam's Customer Service and Sales teams, along with our Manufacturer Representatives and Distributors, will be contacting customers who are awaiting replacement products.

- Each replacement battery will come with a new charger designed specifically for use with the new battery.
- **DO NOT USE OLD CHARGERS WITH NEW OR OLD BATTERIES. DO NOT USE OR RECHARGE OLD BATTERIES.**

Information regarding the replacement procedures – which will include capturing battery and charger serial numbers and confirming the shipping destination of the new products – can be obtained from ProTeam Customer Service or from your ProTeam Manufacturer Representative. They can also answer questions regarding proper recycling and/or disposal of old batteries and chargers.

Details and literature regarding the new GoFree Flex Pro enhancements can be found on our website, www.proteam.emerson.com, or by contacting ProTeam Customer Service.

Thank you to everyone who has waited the past several months for these upgraded products.
