

Product Update

October 28, 2015

ProBlitz® AirMover Price Changes

After a review of the marketplace, supply chain and production costs for many products, it was determined that an adjustment is necessary to the list prices of our ProBlitz AirMovers. To allow our customers time to update their systems and make any other necessary adjustments, these increases will not go into effect until 1/1/2016. Below are the products affected; we do not anticipate increases to any other products at this time.

SKU #	Description	Current List Price	List Price 1/1/2016
107132	ProBlitz AirMover	\$269.00	\$289.00
107133	ProBlitz XP AirMover	\$299.00	\$329.00

The maximum airflow and low amp draw combine to make the ProBlitz AirMover the prime choice for carpet cleaners and restoration contractors. For more information on these products, please visit our website, www.pro-team.com, or contact your Manufacturer's Representative or ProTeam Customer Service.
