

THE RIGHT TOOL FOR THE RIGHT JOB

**ProTeam**  
Cleaning for Health® Since 1987

VERSATILE OPTIONS FOR BETTER RESULTS

# THE RIGHT TOOL FOR THE RIGHT JOB

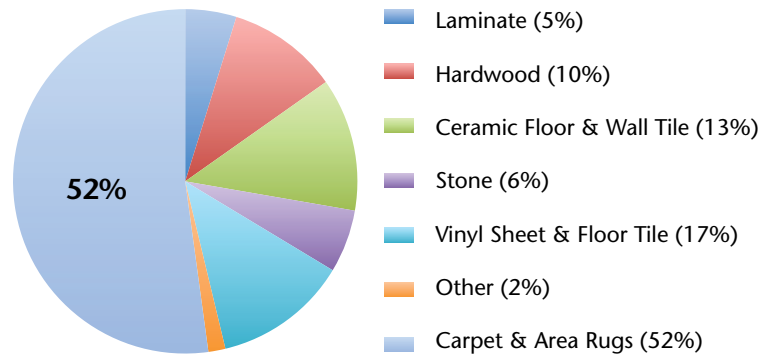

Having the right tools for the right job can make all the difference. Vacuuming is a proven faster, healthier and more efficient way to clean. Add the right tool to your vacuum and produce even better results for your cleaning application.

Whether you are cleaning large areas or small, hard surfaces or carpet, ProTeam vacuums save time and money. Use one

machine with our versatile tool options to accomplish more in less time while conserving energy and improving Indoor Air Quality. Depending on your cleaning application, these versatile tools can be used for general cleaning, under and around furniture, detailed cleaning of vents and rafters and specific pipe cleaning applications.

**ProTeam's innovative design solutions give every possible advantage to the worker for the greatest chance of success.**

## MULTI-SURFACE TOOL

GO FROM ONE SURFACE TO ANOTHER WITH EASE

ProTeam's Xover (pronounced CROSS-over) Floor Tool transitions effortlessly from hard floors to carpets, gliding into corners and under furniture with ease. This preferred ProTeam tool has a wider mouth opening that picks up large debris, and the shoe brush allows for carpet agitation for enhanced soil removal.

### Designed for the everyday user:

- 44% more effective than the standard industry tool.
- Shoe brush provides the carpet agitation for enhanced soil removal.
- The front edge of the shoe has more contact with the carpet, therefore it is easier to maneuver.
- Larger mouth opening picks up large debris.
- 14-inch multi-surface tools with even airflow across the width of the tool for use on both carpet and durable hard surfaces.

Part No.	Product Name	Length/Width	Ideal Use	Photo
107016	Xover® Floor Tool	14"	Improved suction performance and design for ease of use. Designed for low-pile commercial carpet and non-delicate hard floor finishes.	

All tools in this brochure are standard 1½" diameter.

# RECOMMENDED TOOLS BY SURFACE

THE RIGHT TOOL FOR THE RIGHT JOB

## SPECIALTY CARPET FLOOR TOOLS

LOW AND HIGH PILE OPTIONS
