GoHigh™
DUSTING KIT

EXPAND YOUR REACH.

Because real cleaning doesn't stop at the floor.

Dust and debris do not stop at floor level. Vents, ductwork, ledges, light fixtures, and other elevated surfaces can collect buildup that impacts the appearance and cleanliness of a facility. GoHigh Dusting Kits extend the capability of ProTeam corded backpack vacuums so teams can safely address above-the-floor cleaning from the ground. Lightweight poles and specialized tools help crews clean high areas more consistently, reduce the need for ladders or lifts while improving indoor air quality (IAQ).

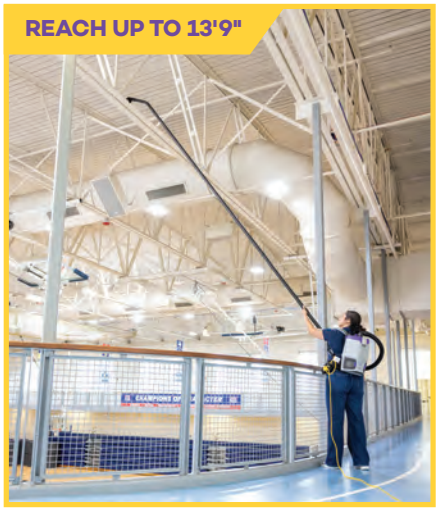

Learn more about our GoHigh Dusting Kits.

ProTeam®

Two ways to EXPAND YOUR REACH.

Whether your facility needs routine reach for everyday high-dusting tasks or maximum extension for larger open areas, GoHigh offers two kit options designed to match the way your team cleans. Both kits connect with ProTeam corded backpack vacuums to extend cleaning capability above the floor and help teams address more surfaces safely with less disruption.

GoHigh Standard High Dusting Kit

Part No.	Description	List Price
107851	GoHigh Standard 13' Kit	$1,700.00

Each kit contains:
